Academic Enrichment

New
for
2018!

A challenging programme designed as to give students an insight into different career paths.

COURSE OVERVIEW

Young Professionals combines academic English with a choice of vocational disciplines. Students choose one subject per two-week stay, and receive specialist tuition which provides an opportunity to explore possible career paths.

'Young Professionals' receive a variety of teaching styles, including theory lessons, practical sessions and group project work. Two full-day excursions are also provided each week, including one related to a student's chosen specialism.

“Everywhere I met nice and interesting people from all around the world; Brazil, Sweden, Italy, Colombia, Vietnam and more! In my art elective class I saw many talented teenagers. Studying with Bucksmore was truly amazing!”
